

Understanding autism and positive behavior support

This course is for Cerebral Palsy Alliance employees

Who is this course for?

This is mandatory training for Disability Support Managers and Speech Pathologists. It is available as Professional Development for workers who would like to learn more about Autism and positive behaviour support to assist in their role.

For more detail see your Learning Journey.

If this course is relevant to your role, but not mandatory, please discuss with and get approval from your manager.

What content does the course cover?

In this training session you will learn about the Autism Spectrum and positive behaviour support strategies you can use to support your clients.

This includes:

- Understanding the relationship between Autism and behaviours of concern
- Learning positive behaviour support strategies to support individuals on the Autism Spectrum
- Creating an Autism friendly environment through developing relationships, providing choice, and improving quality of life
- Developing and implementing a positive behaviour support plan, including functional behaviour assessment
- Developing and implementing a response or crisis support plan for behaviours that result in harm to self or others.
