

Prescribing Minor Home Modifications

This course is for Cerebral Palsy Alliance employees

Who is this course for?

This is mandatory training for Occupational Therapists.

For more detail see your Learning Journey.

If this course is relevant to your role, but not mandatory, please discuss with and get approval from your manager.

What content does the course cover?

In this training session you will learn how to prescribe minor home modifications.

This includes:

- The roles of the OT and builder.
- Application of Australian Standards (AS1428) where relevant.
- OT assessment process
- Use of OT Draw
- Case study discussion
- Frequently prescribed minor home modifications including:
 - Grab rails
 - Handrails
 - Taps
 - Wedge, threshold, and step ramps
 - Handheld shower hoses
 - Doorways
 - Documentation and Evaluation

Note: Registration closes 1 week before the session.

Does the course have prerequisites or specific requirements?

Please bring one client case study that involves a need around minor environmental modifications.
