

Webinar PEP Talk: Therapy Tech Success-Biofeedback & E-stim

This course is for Cerebral Palsy Alliance employees

Who is this course for?

PEP Talks are monthly professional development opportunities aimed at physiotherapists and exercise physiologists. Each month a different topic will be presented based on feedback provided by PTs and EPs around their learning priorities. Topics will include new areas of practice, research updates and complex case studies. There will be opportunities to present case studies or topics of interest to individuals looking to demonstrate clinical leadership.

What content does the course cover?

For details of what will be covered in this session, please go to the relevant SIG/peer led learning Team channel (Therapy SIG Portfolio Team) or contact the SIG/peer led learning group coordinator.

Does the course have any prerequisites or specific requirements?

PEP Talks are open to all physiotherapists and exercise physiologists. If you are interested in attending please discuss with your manager.

What other details do I need to know?

Attendance type: Virtual

Duration: 1 hour (as per times below)

Times: Please select a course date below

If you need to cancel: Cancellation guidelines

Note: If you are unable to attend a session that you have registered for, please ensure you contact Training Alliance and cancel as places are limited and this allows others to attend.
