

## Epilepsy management

**This course is for Cerebral Palsy Alliance employees**

### Who is this course for?

This course is offered to the Disability Support workforce as additional training to support clients who have a current Epilepsy Management Plan.

**Note:** Introductory epilepsy training is included in the Disability Support Practice: Practical workshop which is part of the Disability Support Practitioner and Manager learning journeys.

### What content does the course cover?

In this training session you will learn how to support a person living with epilepsy. This includes knowledge of:

- Current definitions of epilepsy and the effects of epilepsy on the body
- Recognising and responding to different types of seizures
- Supporting people with epilepsy management plans including avoiding known triggers, lifestyle support, and identifying and minimising the risks associated with epilepsy
- Medications as a treatment option
- Providing epilepsy first aid.

### Does the course have prerequisites or specific requirements?

The following must be completed before attending:

- Medication practice assessment and pre-requisite training.

### What other details do I need to know?

**Attendance type:** Virtual

**Duration:** 3.5 hrs

**Times:** Please select a course date below or if there are no dates, please click Enquire

**Refreshments:** Please bring your own lunch (as required)

**If you need to cancel:** Cancellation guidelines

### Where can I get more information?
