

Intellectual disability and dementia

Who is this course for?

This course is for Cerebral Palsy Alliance employees

This course is available for staff who are involved in designing adjustments to support for clients with dementia.

What content does the course cover?

This training session supports you to:

- Identify dementia related changes in people who have an existing intellectual disability and build on processes to support your clients through the changing nature of dementia.
- Recognise dementia in clients and respond to their changing needs
- Learn about the assessment and diagnosis of dementia for people with intellectual disability
- Support and maintain the familiar routines for people living with intellectual disability and dementia
- Ensure people living with intellectual disability and dementia feel supported as their needs change

Does the course have any prerequisites?

There are no prerequisites for this course.

What other details do I need to know?

The course will be delivered face to face.
