# Safety Intervention (formerly MAPA) - 1 day course

**This course is for Cerebral Palsy Alliance employees**

### Who is this course for?

This course is for employees working directly with people with a behaviour support plan, who display behaviours of concern that pose a risk of harm/injury to themselves or those around them.
For more detail see your Learning Journey.
If this course is relevant to your role, but not mandatory, please discuss with and get approval from your manager.

### What content does the course cover?

In this training session you will learn how to manage and maintain your personal safety and the safety of your clients when dealing with aggressive behaviours.
This includes:

- Knowing your responsibilities in a MAPA situation
- Using suitable safety interventions to reduce or manage behaviours of concern
- Identifying behaviour that indicates an escalation towards verbal and/or physical aggression and violence
- Taking proactive, positive, and acceptable measures to avoid, decelerate and/or de-escalate a potential crisis
- Assessing the level of risk associated with a crisis and making appropriate decisions to manage it
- Understanding the use of restrictive physical interventions as a last resort only.

**Note**:

- This course requires a level of physical interaction with other participants during simulations.
- Full PPE is to be worn during practice of physical skills and will be provided.
- Please wear suitable clothing which will allow you to move comfortably and wear enclosed footwear.

### Does the course have prerequisites or specific requirements?

The following must be completed before attending:

- Positive approaches to behaviour support (online)
- Positive approaches to client support.

### What other details do I need to know?

**Attendance type**: In person (face to face)
**Duration**: 1 day
**Times**: Please select a course date below or if there are no dates, please click Enquire
